

## Quotes on ePro

Customer's have the option to be enabled to a new feature call Quote to Cart. This feature will change the way a Customer accesses the Lowe's punchout site. Upon initiating a punchout from their Spend Management or eProcurement System, they will be presented with the page below.

The screenshot shows a white interface with a blue border. At the top, it says "Welcome to Lowe's". Below that, it says "You have two options to buy from Lowe's. Please select one from below." There are two main sections. The first section, labeled "1", features the Lowe's PRO logo and a button that says "Shop LowesForPros Catalog". The second section, labeled "2", is titled "Access a Lowe's Quote" and contains the instruction "Enter the Quote and Phone Number found in your quote email to access the requested quote". It has two input fields: the first contains "5881752A" and the second contains "9374770509". To the right of these fields is a blue "SUBMIT" button. Below the input fields, there is a paragraph of text: "If you would like to request a quote on a special or large order, please submit all the details of your quote to [eProQuotes@lowes.com](mailto:eProQuotes@lowes.com) and include your Name, Company Name, email address and location the quote will be shipped to."

**Option 1** will allow the User to continue to the Lowe's Punchout Catalog to Search for Products and add to their cart to bring back to their Spend Management or eProcurement System.

**Option 2** will allow the User to:

- Request a Special or Large order quote via the email process outlined
- Access a previously requested quote to view and transfer the detail back to their system (p2)

Both options will enable Users to bring all items back into their System for approval and PO processing. Once the Purchase Order is submitted to Lowe's, catalog and quoted items will be able to be identified and process accordingly.

Quotes will now be able to be invoiced under the same process as Catalog Items

Below is an example of how a quote would be displayed for the User. Clicking on Transfer Quote will submit the details back to their Spend Management or eProcurement System.

## Welcome to Lowe's

You have two options to buy from Lowe's. Please select one from below.

**2** Access a Lowe's Quote

Enter the Quote and Phone Number found in your quote email to access the requested quote
