## Request for Proposal

UK-2297-23

ADDENDUM # 1

11/22/2022

**ATTENTION: This is not an order. Read all instructions, terms and conditions carefully.**

**IMPORTANT: BID AND ADDENDUM MUST BE RECEIVED BY 11/29/2022 @ 3:00 P.M. LEXINGTON, KY TIME**

Bidder must acknowledge receipt of this and any addendum as stated in the Invitation for Bids.

This Addendum is being posted to Modify Section 7.1 as follows

Demolish all physical improvements (houses, garages, sheds, patios, decks & stairs, walkways, driveways, sidewalks, parking areas, retaining walls, outdoor furnishings, etc.) at each listed address provided in Attachment A. Remove all foundations, basement walls, basement floors, sumps, and footers. Remove all demolished material from the jobsite and transport it to an approved recycling facility or an approved construction waste landfill. Knock down sides, front, and back walls of each foundation pit (after foundation removal) to provide an approximate 1:2 slope. No fill will be required.

Install silt fence around each demolition site to contain runoff. Leave the silt fence in place, in good condition, at the completion of demolition.

Plug all impacted sanitary sewer lines as required by LFUCG. Obtain plug permits where applicable.

Trees and vegetation need not be removed. Trees and vegetation can be removed if necessary to facilitate demolition. A few select trees are marked as designated to remain and should not be removed.

Each facility will have undergone all required ACM removal as well as the removal of any other regulated wastes prior to demolition. The houses will be turned over for demolition "as is". It is the Universities desire for the selected demolition contractor to put forth a "good faith effort" to recycle materials and contents where practical through a community nonprofit agency.

On Attachment A, 118 University is moved from Group 4 to Group 1 and is to be demolished.

**OFFICIAL APPROVAL**  
**UNIVERSITY OF KENTUCKY**
