1	It says there is no guarantee of workflow with the proposal. We were just wondering if there were any historical numbers from previous years, as to the work maybe other partners have done. Examples: one move a week, one move a day, or a handful a month, ect	Over the past 12 months we have had at least two people and one truck from a contract partner on campus every day assisting with moves.
2	How much notice would we receive for the upcoming projects, a days notice...a weeks notice...? We would like an understanding of how the projects will be communicated and scheduled.
