Agricultural and Construction Equipment

RFP UK-2421-24

NEW Closing Date: 04/05/2024

Today's Date: 3/21/2024

No.	Question	Answer
1	Can this project be quoted as a two-year lease instead of a two-year rental? We feel this may have mutual benefit to the University as well as the dealer.	List in under criteria 5 also in in section 8.1
2	Are we required to bid on every piece of equipment, or can we quote portions of the RFP? If quoting portions, how should we disclose this information to you?	We would prefer a complete bid. May work with other vendors to provide a complete bid.
3	How many hours are you expecting to use on each unit?	It is a range of hours. The max is around 500hrs, however there are some groups that only put on 100 to 200hrs.
4	Are you expecting one payment / contract for the entire program or individual payments per piece of equipment? Will each equipment have its own contract and payment per month?	Each pcs will have it's own contract and payment as not all pcs go to one department .
5	Due to not receiving the RFP until last week, could we have an extension to finalize our quotation and facilitate a solution for as many pieces of this request as possible.	New due date 4/5/2024
6	will the vendor need to reimburse the University Of Kentucky 2% of the rental rate when we invoice the university? We only invoice the rental payment once a year, so the 2% for the rental will only be once a year?	See addendum

7	Will the vendor I need to reimburse the University Of Kentucky 2% of all the parts and equipment service sold quarterly?	See addendum
