

## Written Questions and Answers

University of Kentucky Electronic Safety and Security  
Consulting Services  
RFP UK-2459-25  
Closing Date: 10/9/24  
Today's Date: 9/19/24

No.	Question	Answer
1	Does the selected vendor need to handle hardware installation?	No.
2	Is there an incumbent, and if so, are you able to provide their name?	No.
3	Who received this RFP, or how many bidders have submitted an intent to submit?	Unknown – this is posted on our website.
4	What is the expected range of value of these task orders?	Unknown at this time.
5	If selected, do we need to market this services agreement at UK?	No.
6	Section 4.9 addresses artificial intelligence and machine learning. These appear to be more product related. (i.e., “use your solution”)? Can integrators propose on this? Is an independent security technology consultant desired?	Yes, an integrator can respond to the RFP. We have no preference on your use of an independent security technology consultant.
7	There is an item regarding databases identified in the RFP (assumedly access control). Is the intent for the consultant to support/conduct a SQL review?	The intent is for the consultant to be able to provide this type of review if requested.
8	May we add web-based links for supporting information for our proposal?	No.
9	Are there wbe/mbe/dbe participation requirements associated to this RFP?	No.
