ii) Sums. Where so indicated by the makeup of the Form of Proposal, sums shall be expressed in both words and figures, and in case of discrepancy between the two, the amount indicated by words shall govern.

iii) Modifications. Any interlineation, alteration, or erasure must be initialed in ink by the signer of the Bid or by an official designee of the signer of the Bid.

iv) Alternates. All alternates specifically called for by the Form of Proposal shall be bid. Voluntary alternate proposals or an alternate to a lump sum proposal will not be considered unless specifically permitted by the conditions of the Advertisement for Bids or the Invitation to Bid.

v) Qualifications. The Bidder shall make no additional stipulations on the Bid Proposal form or qualify the Bid in any other manner.

vi) Signatures. The Form of Proposal shall be signed by a person or persons legally authorized to bind the Bidder to a contract. The Form of Proposal shall include the legal name of Bidder and a statement indicating whether the Bidder is a sole proprietorship, a partnership, a corporation, or any other legal entity. A Bid by a corporation shall identify the state of incorporation including Federal I.D. number. A Bid submitted by an agent shall have a current signing authority attached certifying agent's authority to bind the Prime Bidder.

B. Bid Security. Where specified in the Advertisement or Invitation to Bid, the Bidder shall furnish a Bid guarantee in the required form of not less than five percent (5%) of the Bid amount. This Bid security secures the Bidder's promise (i) to enter into a contract on the terms stated in the Bid proposal, and (ii) if required, to furnish bonds covering the faithful performance of the contract and payment of all obligations thereunder. Should the Bidder refuse to enter into a contract or fail to furnish the required performance and payment bonds, the amount of the Bid security shall be forfeited to the Owner as liquidated damages, not as a penalty.

The Purchasing Official will retain the Bid security of Bidders until either (i) the contract has been executed and bonds have been furnished, or (ii) the specified time has elapsed so that Bids may be withdrawn, or (iii) all Bids have been rejected.

The completed University Official Bid Document, the Bid Security, and any support data required to be submitted with the Bid shall be enclosed in a sealed envelope. The envelope shall be addressed to the party receiving the Bids and shall be identified with the Bidder's name and address, the sealed Bid invitation number, closing date, and hour. If the Bid is sent by mail, the sealed envelope shall be enclosed in a separate mailing envelope with the notation "BID ENCLOSED" on the face thereof.

C. Timeliness of Bids. Bids shall be submitted through SmartBid prior to the official time and date for receipt of Bids indicated in the advertisement of Invitation to Bid, or any extension thereof made by Addendum.

D. Late Bids. Bids received after the official closing time and date for receipt of Bids may be considered for evaluation and award only if: (i) no other Bids were received within the legal advertisement period; and (ii) the readvertisement time delay would seriously affect the operations of the Owner; and (iii) in the judgment of the Purchasing Official, the Bid was finalized prior to the official closing time and date for receipt of bids.

The Bidder shall assume full responsibility for timely delivery at the location designated for receipt of bids.

E. Bids Not In Writing. Oral, telephonic, or telegraphic Bids or changes in Bids by such methods are not permitted and will not receive consideration.

F. Bids Withdrawn. Bids may be withdrawn prior to the closing time and date for receipt of Bids by: (1) a properly identified representative of the Bidder whose name appears on the Bid envelope, or (2) by written request by an authorized representative of the Bidder, received by the Capital Construction Procurement Section prior to the Bid closing date and time. Withdrawn Bids may be resubmitted up to the closing time designated for the receipt of Bids.

G. Bids Remain Open. During the stipulated time period following the time and date designated for the receipt of Bids a Bid shall remain open for the Owner's acceptance. During this period the Bid may not be modified, withdrawn, or canceled by the Bidder, without the Bid security being subject to forfeiture and the suspension of the Bidder's future bidding privileges.

ARTICLE 6 - CONSIDERATION OF BIDS

A. Bid Opening. Unless stated otherwise in the Advertisement or Invitation to Bid, all properly identified timely Bids will be opened, reviewed (for conformance with Bid submittal requirements) and if properly executed and complete, read aloud. All Bids opened and read will be listed on the official Bid tabulation which will be made available to all Bidders upon request.

B. Waiver of Irregularities/Rejection of Bids. The right to cancel the Invitation to Bid, to reject any and all Bids, and to waive technicalities and minor irregularities in Bids is maintained and preserved in all Invitations for Bids issued by University of Kentucky, Capital Construction Procurement Section when such action is determined to be in the best interest of the University of Kentucky.

C. Grounds for Rejection. Grounds for the rejection of Bids include, but shall not be limited to:

- i) Failure of a Bid to conform to the essential requirements of the Advertisement for Bids or Invitation for Bid.
- ii) Any bid which does not conform to the specifications contained or referenced in any Invitation for Bids shall be rejected unless the invitation authorized the submission of alternate Bids and the items offered as alternates meet the requirements specified in the invitation;
- iii) Any Bid which fails to conform to the delivery or completion schedule established in the Bidding Documents;
- iv) A Bid imposing conditions or qualifications which would modify the terms and conditions of the Invitation for Bids, or limit the Bidder's liability to the Owner in a manner inconsistent with the provisions of the Bidding Documents;
- v) Any Bid determined by the Purchasing in excess of funds available.
- vi) Failure to furnish a Bid security in accordance with the requirements of the Advertisement for Bids or Invitation to Bid.
- vii) For other cause as documented by the Purchasing Official pursuant to a written determination and finding.
- viii) Bids received from Bidders determined by the Purchasing Official to be non-responsive bidders.

D. Minor Irregularities. Minor irregularities or technicalities in a Bid may be waived by the Purchasing Official on behalf of the Owner when all of the following circumstances are present:

- i) The Purchasing Official determines that it will be in the Owner's best interest to do so; and the technicalities or irregularities are mere matters of form not affecting the material substance of a Bid;
- ii) Represent an immaterial deviation from, or variation in the precise requirements of the advertisement for, Bids or Invitation to Bid, and have no effect on price, quality, quantity or delivery of supplies or performance of services being procured; and, the correction or waiver of the technicality or irregularity will not affect the relative standing of, or prejudice, other Bidders. If the Owner does not waive technical deficiencies and irregularities, the deficient Bid shall be rejected.

E. Competitive Negotiation. The University reserves the right to exercise the provisions of KRS 45A.090 regarding competitive negotiation when it is considered to be in the best interest of the University.

It is the intent of the Purchasing Official to award a contract in due course and after a reasonable Bid evaluation period to the Responsive and Responsible Bidder offering the best value to the University, provided the acceptable Bid sum is within budgeted funds.

F. Rejection of Alternate Bids. The Owner reserves the right to accept or reject any or all alternate Bids if provided for in the Bid Documents. If alternates designated by the Owner are considered in the award, the alternate(s) will be accepted in the sequence in which they are listed on the Bid

proposal form and the lowest Bid sum will be computed on the basis of the sum of the base Bid plus and/or minus any alternates accepted.

ARTICLE 7 - QUALIFICATION OF BIDDING CONTRACTOR

A. Bidder Responsibility. All bidders may be required to supply the information requested on the Contractor/Bidder Determination Of Responsibility Questionnaire. The apparent low Bidder will be supplied this document at the post Bid review of the Bid submittal document. The information required by this document must be completed by the Bidder and returned to the University Purchasing Official within a reasonable time as determined by the University. In most cases the information should be completed and returned in no more than five (5) working days after the Bid submittal. The information provided will be used to determine whether the Bidder is "responsible" as defined by KRS 45A.070(6), and verify that the Bidder has the experience, qualifications and resources required to provide the quality workmanship, materials, and services necessary to complete the project being Bid. In addition to the information required by the Questionnaire, the Bidder agrees to provide any additional information that may be necessary for the determination of contractor responsibility, as defined by the Kentucky Model Procurement Code. The determination of contractor responsibility will not be made until the Bidder has provided a sworn statement made under penalty of perjury that he has not knowingly violated any provision of the campaign laws of the Commonwealth and that the award of a contract to a Bidder or offeror will not violate any provision of the campaign finance laws of the Commonwealth. The sworn statement required is included in the Questionnaire to be completed by the apparent low Bidder.

B. Inquiries. The Purchasing Official shall have the right to make any inquiry deemed necessary to determine the ability of the Bidder to perform the work in a prompt and efficient manner and in accordance with the contract Documents. The failure of a Bidder to promptly supply information in connection with the Purchasing Official's inquiry may be grounds for a determination that such Bidder is nonresponsive.

C. Rejection. The right is reserved to reject any Bid where an investigation and evaluation of the Bidder's qualifications would give reasonable doubt that the Bidder could perform prompt and efficient completion of the work in accordance with the requirements with the Contract Documents.

ARTICLE 8 - SUBCONTRACTOR AND MATERIAL LISTING

A. List of Subcontractors. The Bidder will list the names of subcontractors proposed for each of the principal portions of the work (including those persons or entities who are to furnish material or equipment fabricated to a special design) in the designated place on the Form Of Proposal. The Bidder will be responsible for establishing to the satisfaction of the Purchasing Official, the reliability and responsibility of the listed subcontractors. The Bidder may be required by the Purchasing Official to provide additional information regarding listed subcontractors.

B. Objection and Required Substitution. If, after due investigation, there is reasonable objection to the qualifications of a listed subcontractor the Bidder shall, upon written direction from the Purchasing Official, submit the name of an acceptable substitute subcontractor with no change in Bid price. The failure of the Bidder to promptly comply with this requirement may be grounds for rejection of the bid.

C. No Objection Prior to Notice of Award. Any listed subcontractor to whom the Purchasing Official does not make written objection prior to the giving of the Notice of Award shall be deemed acceptable to the Owner.

D. Bidder Self Performed Work. The Bidder shall not list himself as a subcontractor on the Form of Proposal Subcontractors List unless it can be demonstrated that Bidder actively participates in the trades required and has the expertise to complete that portion of the work.

E. Substitutions Not Optional. The Bidder shall not substitute a subcontractor named on the Form of Proposal without prior notification and approval of the Purchasing Official. Any notification for a substitution of a listed subcontractor shall be in writing and the reason fully set forth therein. The reason shall demonstrate real cause and evidence good faith by the Bidder. This shall not be construed to waive the Bidder's rights to later substitute a subcontractor for the failure of that proposed subcontractor to accept a contract from the Bidder, failure to perform in a satisfactory manner per the requirements of the contract or any other legal rights of the Bidder to manage and coordinate subcontractors.

F. Bid Documents Not a Contract. Nothing contained in the Bidding Documents shall be deemed to create a contractual relationship between the Owner and any subcontractor. However, it is the Bidder's responsibility to assure that the subcontractor listed has the required expertise and financial stability to complete that portion of the work.

G. List of Materials and Equipment. The Bidder shall submit a list of major materials and equipment by the manufacturer's name, brand and/or catalog number in the form and manner specified in the Bidding Documents.

H. Preliminary Acceptance of Materials and Equipment. Prior to the acceptance of a Bid, the Purchasing Official will make a preliminary review of the list of materials and equipment included with the Bid Proposal and advise the Bidder of the acceptance thereof, subject to satisfactory completion and approval of shop drawings, or direct other such action as may be necessary in order to meet the requirements of the Contract Documents. If any of the materials or equipment named in the list are determined not to meet the requirements and standards of the specifications, the Bidder shall be required to furnish other material or equipment meeting the specifications at no change in Bid price. Preliminary review and acceptance of the submitted material and equipment list shall not relieve the Bidder from furnishing equipment and materials in complete accordance with the specifications, drawings, and Contract Documents.

ARTICLE 9 - UNIT PRICES

The Bidder shall submit with the Bid a list of Unit Prices as designated on Form of Proposal. Unit Prices are for the pricing of changes in the quantity from that indicated by the Contract drawings and specifications, where such changes have been authorized in writing by Owner. The Unit Prices submitted shall include all necessary labor, materials, equipment, appliances, supplies, overhead and profit. Only a single Unit Price shall be quoted for each designated item of work. The Unit Price shall be used to calculate price adjustments for either increasing or decreasing the amount of Work. Unit Prices shall apply to all phases of the Work whether the Work be performed by the Bidder or by the Bidder's (contractor) Subcontractor. The Owner reserves the right, prior to an award of Contract, to evaluate the Unit Prices submitted and adjust and/or reject any Unit Price that is determined by the Purchasing Official to be unreasonable in amount.

ARTICLE 10 - PERFORMANCE BOND, LABOR & MATERIAL PAYMENT BOND

The successful Contractor shall furnish security bonds (form to be furnished) in an amount equal to one hundred percent (100%) of the Contract Price as security for the performance of the Contract established and for payment of all persons performing labor, including payment of all unemployment contributions which become due and payable under Kentucky Unemployment Insurance Law, and furnishing materials, equipment, supplies, taxes, and other proper charges and expenses incurred or to be incurred in the performance of the contract. All bonds shall be executed by a surety company authorized to do business in the Commonwealth of Kentucky and the contract instrument must be countersigned by a duly licensed Kentucky resident agency representing the company. The bonds shall be valid after the final payment has been made on the Contract during the guaranty period and other periods limited only by statutes of limitation. If the furnishing of performance and payment bonds is required by the Bidding Documents, the bond premiums shall be paid by the Bidder. If the furnishing of bonds is not required by the Bid Documents but required by the Purchasing Officer subsequent to the award of Contract, the successful Bidder shall procure the bonds and the Owner will reimburse the Bidder for the premium cost. The Owner reserves the right to require all bonds be provided by a surety company with a rating of "A" or better as listed in the A. M. Best-Key Rating Guide for Property and Casualty (current edition).

The Bidder shall execute the required performance and payment bonds for the Owner on the date of execution of the Contract Documents between the Owner and the Contractor, or, with the approval of the Purchasing Official, within ten (10) calendar days after that date. Unless otherwise specified in the Bidding Documents, the bonds shall be written on the bond form bound in the bidding documents and in the number of counterparts specified by the Purchasing Official.

Bonds shall be issued by a surety company authorized to underwrite bonds in the Commonwealth of Kentucky and be countersigned by licensed resident agent. The Bidder shall require the Attorney-in-Fact who executes the required bonds on behalf of the surety to affix thereto a certified and current copy of their Power of Attorney. The date of the Power of Attorney shall not precede the date of the bonds.

ARTICLE 11 - AWARD OF CONTRACT

The issuance of an award of the Contract is contingent upon (i) securing an acceptable Bid that is responsive and from a responsible Bidder and is within the amount of budgeted funds and (ii) determining that the award of Contract will be in the best interest of the University of Kentucky.

Unless otherwise provided in the Bidding Documents, the Form of Agreement between the Owner and the Contractor will be written on the standard form of agreement bound with the Bidding Documents and executed in the number of counterparts specified by the Purchasing Officer.

The Contract between the Construction Manager and the Contractor will be final and binding when the parties have executed the Agreement. The Contract between the Construction Manager and Subcontractors will be per the Agreement provided in the Bid Documents without modification. A copy of this document is attached in **Section 00 52 34**.

Final award of Contract will be made on the basis of the lowest, responsive, and responsible bid which offers the best value.

The University reserves the right to negotiate and award Contracts as allowed under KRS 45A.090 should all responsive Bids exceed available funds.

Worker's Compensation Insurance shall be carried to the full amount as required by Kentucky Statutes. The Bidder shall be in full compliance with KRS Chapters 341 and 342.

ARTICLE 15 – PLANHOLDERS

A. Planholder and Addenda Listing. The published planholder and Addenda listing is for general information purposes and the exclusion or inclusion of any firm in no way constitutes and/or implies approval or disapproval of the qualifications of any Bidder, Subcontractor, material, or equipment

The post Bid review will include representatives of the Consultant, representative of the apparent low Bidder and required University personnel.
